WORST ROAD IN COUNTRY FOUND

STRETCH OF 107 MILES IN ARIZONA IS DECLARED TO BE POOREST OF ALL

10 HOURS TO TRAVEL

MR. AND MRS. A. W. JOHNSTON ARRIVE IN GLENDALE AND DESCRIBE THEIR TRIP

Mr. and Mrs. Arthur W. Johnston of Silverton, Colorado, are visiting their mother at the home of Mr. and Mrs. Henry Johnston of North Everett street. They motored through and report a pleasant trip. Mr. Johnston is interested in the mining industry and is operating a mine at an elevation of 11,000 feet above sea level. Speaking of their trip, Mr. Johnston said:

"We left Silverton with three feet of snow on the ground and the mercury registering 9 below zero. We shipped our car by rail as far as Durango, Colo., and drove through there. Some of our friends had tried to jolly us into the belief that we would have to leave Colorado to find good auto roads, but our mountain roads are a big improvement over anything we encountered in New Mexico or Arizona.

Discovered Worst Road
"We traversed Arizona from east to west, and from where the Santa Fe crosses the state south to the Mexican border, and came to the conclusion that the county road supervisors of that state are overlooking a golden opportunity if they are not all in the auto repair business. From Phoenix to Salome, 'the place where she danced,' is a desert stretch of 107 miles of the worst road I ever saw anywhere. It is one continuation of chuck holes and high centers, and required ten hours of hard driving to cover it.

"In a spirit of fairness, however, I want to state that Arizona has recently voted over nine millions for better roads, and within a few years will have highways which should compare favorably with those of this state.

"I wonder how many of the people who live here in California really appreciate how wonderful these paved highways are, or can imagine how good they seem to the autoist after a thousand miles or more of cross-country driving?"

BUYS APARTMENT

B. W. SHERWOOD IS NOW IN CHARGE OF PROPERTY AT PACIFIC AND VINE

B. W. Sherwood has bought the apartment house at the corner of Pacific avenue and Vine street through A. J. Lucas, real estate agent. He has painted it all over and made many other improvements that add greatly to the appearance and value of the property.

This is the second sale of this property in the last four months by Mr. Lucas, who says that he discerns quite a revival of interest in real estate in Glendale.

Judicious use of printers ink in the way of classified ads has aided him greatly in making sales, he says. Evening News ads do bring results, is the universal verdict.

INDIANA FRIENDS

MRS. LE ROY BOSSERMAN IS HOSTESS TO GROUP AND LUNCHEON IS SERVED

Mrs. LeRoy Bosserman, 614 South Central avenue, was hostess on Saturday to a group of Indiana friends, whom she entertained with a prettily-appointed 1 o'clock luncheon.

Guests of the pleasant affair were Mrs. W. G. Gilmore, of Michigan City, Indiana, Mrs. D. C. Gates of Los Angeles, Mrs. Charles Bosserman and Mrs. Lyman Ashton of Glendale.

Reminiscences of the old home "back east" was the diversion of the afternoon hours.

PUPILS TO GET MEAL FOR DIME
WOODLAND, Cal., Jan. 24—Students in the high school at Esparto are being served a complete noon-day meal, consisting of meats, soup and hot drinks, for 10 cents, it is announced by Miss Martha Galchutt, teacher in the domestic science department. She claims the school will "break even or better" on the meals at the price.

TWENTY-FIVE ARE KILLED IN EXPLOSION

(Special Service to Glendale Evening News)
MEMPHIS, Tenn., Jan. 24.—Twenty-five or more persons were killed when a series of explosions wrecked the Colyar-Reese Oil company's plant and blew up half a dozen houses.

In one house a mother and five children were killed. Fearing houses within a half mile radius of the plant would be wiped out should more explosions occur, police were going over that section, warning residents to get as far away as possible.

The explosions were caused by a spark from the chisel of a man working on a tank containing 15,000 gallons of gasoline.

BATTLE OVER KING BILL IN ASSEMBLY

(Special Service to Glendale Evening News)
SACRAMENTO, Jan. 24.—The fight over the King bill reopened in the state assembly today. If the assembly refuses to pass the bill, which would increase the tax on public utility corporations approximately one-third, Governor Stephens will take the issue before the people and try to force the passage at the end of the legislative recess, it was announced today.

(Special Service to Glendale Evening News)
TOKIO, Jan. 24.—Japan and America are discussing the questions growing out of the California situation in a most friendly spirit and the government anticipates a satisfactory settlement, Premier Hara declared today in opening the diet.

WITH RELATIVES

MRS. MARY VON GLAHM, AGED 84, MAKES JOURNEY OF 2500 MILES ALONE

Mrs. Mary Von Glahm, who is well known to many Glendale people, having lived for several years in the city, on Windsor Road, and later at 416 West Elk avenue, is now in Goodwater, Alabama, with relatives with whom she will make her home for the remainder of her days. She made the long trip, over 2500 miles, without a mishap though 84 years of age, writing to friends here that she was treated royally by every one in her car, who vied with each other in waiting on her.

MISSSES MEETING

FOR FIRST TIME IN 10 YEARS
MRS. HARRIETT WHITE IS ABSENT FROM SESSION

Mrs. Harriett White of 519 Raleigh has been confined to her home by illness recently and was compelled, for the first time in ten years, to miss a meeting of the Literary section of the Tuesday Afternoon club. This meeting was held last Wednesday afternoon and Mrs. White's absence was regretted by all. A beautiful bouquet was sent her by these fellow members and the remembrance was greatly appreciated by her.

FUND IS HELPED

OVER \$300 IS SECURED FOR MASONIC BUILDING RESULT BENEFIT PERFORMANCES

The benefit performances given at the Palace Grand theatre on Thursday and Friday, January 13 and 14, for the Masonic building fund, netted over \$300, it is announced today.

The entertainment was in charge of C. L. Peckham, C. L. V. Moor and W. W. Worley.

RUSHING WORK ON HOSPITAL

The first coat of plaster cement has been put on the new Glendale Sanitarium hospital building and its completion is not so very far off. Much of the interior work has already been done.

IN NEW HOME

MR. AND MRS. SAUL FRANK IN COMFORTABLE RESIDENCE, 214 NORTH CENTRAL

After living four months in their cozy little garage on the rear of their lot at 214 North Central avenue, Saul Frank and wife are delighted to get into their new five-room home at that number, even though it is not yet entirely completed.

The kitchen with its tile drain board and ample pantry room, the two bedrooms, on either side of the beautiful tiled bathroom, each one supplemented with a large closet, are models of convenience, and the living-dining room has a unique feature worthy of mention. It is separated from a screened patio in the back by French doors. When these and the front doors are thrown open on hot summer days, a current of air will be directed through the house. A gas heating system by means of radiator burners makes it possible to graduate the temperature as desired. Mr. and Mrs. Frank made the plans themselves, working on them for years until they were entirely satisfactory.

WELCOMED HERE

PARTY FROM RIDGELY, TENN., NOW IN GLENDALE AND PROPOSE TO REMAIN

Sunday was an exceedingly pleasant day for the people who had arrived shortly before from Ridgely, Tenn. John R. Mathis, Mrs. Emma Jones and Miss Nora Grey. They and Mrs. Ella Griffin, Jim and Miss Jessie Griffin of 130 West Acacia avenue were entertained at noon dinner by Mr. and Mrs. W. W. Alexander, 117 West Acacia avenue.

During the afternoon other former residents of Ridgely and vicinity now living in Glendale called at the Alexander home, and at 6 o'clock the same party partook of another dinner, this time at the home of Mrs. Ella Griffin.

The new members of the Glendale colony from Ridgely, Mrs. Jones and Miss Grey were given a warm welcome and predictions were freely made that they would not go back there to live.

PERSHING AS AMBASSADOR?

NEW YORK, Jan. 24.—According to one of the president-elect's closest political friends, General John J. Pershing is under consideration as ambassador to France.

15 Congregations Of Religious Believers In City, Directory Shows

There are fifteen congregations of religious believers worshipping in their own church buildings in Glendale, one learns from the new city directory.

There are four Methodist Episcopal churches, namely, First, corner of Kenwood and Wilson avenues, Rev. Clyde Monroe Crist, pastor; West Glendale, corner Harvard and Pacific avenue, Rev. W. W. Cookman, pastor; Central avenue corner Palmer and Central avenues, Rev. V. Hunter Brink, pastor; Casa Verdugo, Park avenue, a little west of North Central avenue, Rev. E. O. Thayer, pastor.

The Presbyterian churches number two—the First, at the corner of Broadway and Cedar, Rev. W. E. Edmonds, pastor; Tropic, corner Central avenue and Laurel, Rev. O. P. Rider, pastor.

Central Christian is at the corner of Louise and Colorado, Rev. Clifford A. Cole, pastor; First Baptist at the corner of Wilson avenue and Louise, Rev. Ernest E. Ford, pastor.

Lutheran, East Harvard, corner Maryland avenue, Rev. H. C. Funk, pastor; Christian Science, Maryland and California avenues, Dale G. Vaughan, first reader; Christian and Missionary Alliance, 310 East Chestnut, Rev. Geo. Davis, pastor; St. Mark's Episcopal, corner of Louise and Harvard streets, Rev. George H. Cornell, rector; Seventh-day Adventists, corner Isabel and California avenue; Catholic, East Elk avenue near Everett, Rev. James Stephen O'Neill, pastor.

Four of these churches have building propositions under consideration, all but one, Central Christian, involving a change of location. The new Catholic church will be at the corner of Louise avenue and Louise; Presbyterian, corner of Harvard and Louise; Casa Verdugo M. E., corner of Park avenue and North Central avenue. Central Christian contemplates building a large addition to the front of the present structure and has recently added another lot to its holdings, giving it 150x150 feet. The other three congregations contemplate entirely new buildings.

There is another religious body holding regular services in Glendale, but it has no building of its own. This is the New Thought congregation, Dr. Frank Riley, lecturer, which meets in Masonic Temple.

FOOTHILL CLUB

MRS. JULIUS KRANZ HOSTESS TO MEMBERS AT PLEASING LUNCHEON ON FRIDAY

Mrs. Julius Kranz of 122 Fairview avenue entertained the members of the Foothill club with a pretty two-course luncheon at her cozy home Friday afternoon. Pink carnations and ferns formed the centerpiece of the beautifully appointed table.

One of the interesting features of the afternoon was a guessing contest which was won by Mrs. Perce H. Curtis. The following are members of the Foothill club:

Mrs. E. K. Barnes, Mrs. G. K. Barnes, Mrs. Charles H. Beggs, Mrs. J. M. Blankenship, Mrs. J. A. Christie, Mrs. Clarence H. Crawford, Mrs. Perce H. Curtis, Mrs. Wm. C. Cutler, Mrs. Nyda Dana, Mrs. H. M. Hewitt, Mrs. Julius Kranz, Mrs. Mary J. Oliver, Mrs. Wm. S. Porter, Mrs. Alfred F. Priest, Miss Maude S. Salisbury, Mrs. J. B. Tabour, Mrs. J. I. Wernette, Miss Ellen Williams and Mrs. Elliott B. Wyman.

Election of officers will take place at the next meeting.

THIRTY-TWO HOMES

YEAR AGO THERE WAS BUT ONE HOUSE ON BLOCK; NOW BUT 3 LOTS LEFT

Probably the most remarkable "exhibit" in Glendale's wonderful building carnival the past year is on Wilson avenue, between Columbus and Pacific avenues. This block is built up almost solid on both sides, there being only three vacant lots.

There is only one rear house in the block and all of the thirty-two others, including one just commenced, are four to six-room bungalows of very attractive appearance.

All of the thirty-two houses in the block except six are new. None are a year old and many have been completed within the past few weeks.

OFFICIAL WEATHER FORECAST
LOS ANGELES, Jan. 24.—The official weather forecast: Fair. Heavy frost in the morning.

ATTEMPT TO SHOW WOMAN SLEW DENTON

(Special Service to Glendale Evening News)
LOS ANGELES, Jan. 24.—Evidence intended to fasten directly on Mrs. Lofie L. Peete the murder of Jacob C. Denton, for which she is on trial, with the state demanding the death penalty, was introduced today under the direction of District Attorney Woolwine.

Two boards, torn from the door of the cellar sepulcher in which Denton's body was secreted, were introduced in evidence. The prosecution presumably is attempting to establish by hammer marks and bent nails embedded in the boards that a woman's hand had done the work.

While the jurors and attorneys examined the hammer "bruised" boards, Mrs. Peete paid scant attention. Once she leaned forward, whispered to her husband, and smiled.

FLETCHER MAY BE SECRETARY OF STATE

(Special Service to Glendale Evening News)
ROCK LEDGE, Fla., Jan. 24.—The presence in President-elect Harding's vacation party of Henry Fletcher, former ambassador to Mexico, lead to the impression today that Fletcher might be under consideration as secretary of state as a compromise between Charles E. Hughes and Elihu Root.

The president-elect's face was taking on tan today under the southern sun. He appeared much refreshed.

MRS. R. M. BROWN IS HOSTESS AT TURKEY DINNER FOR NUMBER OF RELATIVES

Mrs. R. M. Brown chose a turkey dinner as the means of celebrating a family reunion at her home, 416 North Kenwood street, yesterday. The guests were Mr. and Mrs. J. K. Hill, father and mother of Mrs. Brown; Mr. and Mrs. C. F. Crane, brother-in-law and sister of Mrs. Brown, and son Harold; Mr. and Mrs. Leon Hill, Mrs. Brown's brother and sister-in-law who are from Minneapolis and are spending the winter in California, and their three children, Margaret, James and Helen; another brother and sister-in-law, Mr. and Mrs. Frank Hill and two daughters, Miriam and Catherine, of Hollywood; Mr. and Mrs. V. The program, the theme of which was "Civics," was very interesting. Guests who took part in the program were Mrs. H. E. Bartlett, who spoke on behalf of the board of trustees of the city; Mrs. Arthur Brown, of the school board; Mrs. Alma Danford, who spoke for the library; and Mrs. C. E. Hutchinson, who spoke on behalf of women's clubs.

BACK IN GLENDALE

JOHN MATHIS IS HOME FROM TENNESSEE; ACCOMPANIED BY VISITORS HERE

John Mathis of 727 South Maryland avenue, who has been looking after business affairs in Ridgely, Tenn., for several months past, arrived in Glendale last Friday, and was delighted to get back, though he was quite sick, having caught a heavy cold while traveling. He was accompanied on his return by Miss Nora Gray, a sister of Mrs. W. W. Alexander of 117 West Acacia avenue, and Mrs. Emma Jones, a cousin, both of Ridgely. They will spend the remainder of the winter in Glendale and may conclude to remain for good.

Mrs. Mathis lived with her sister, Mrs. Ella Griffin, 130 West Acacia avenue, during her husband's absence. They will again occupy their own home on South Maryland avenue as soon as they can get possession.

STUDY MISSIONS

MRS. ELLA W. PEIRCE AND SON, JOHN, ARE AT HOME FROM TRIP TO SAN DIEGO

Mrs. Ella W. Peirce and son, John Peirce, have returned from San Diego. They are now located at 127 North Kenwood street. Mrs. Peirce and son are making a study of the missions of California. They intend to stay in and around San Diego for six weeks, but at the end of two weeks were delighted to get back to Glendale. Some time in February they intend to go to Santa Barbara. Their friends may rest assured that wherever they go they will be enthusiastic boosters for Glendale.

DISCUSSION ON WATER SERVICE

PUBLIC MEETING TO BE HELD IN GRAND VIEW SECTION ON TUESDAY NIGHT

CITY TO GIVE AID

GATHERING TO TAKE PLACE IN L. H. APPLEGATE HOME, SIXTH AND WINCHESTER

Plans are being completed today for a public meeting to be held in the Grand View district for the purpose of discussing the proposed extension of the municipal water system in that territory.

The meeting will be held tomorrow night and, acting under authorization of the board of city trustees, T. W. Watson, city manager, will attend on behalf of the municipality.

It is pointed out by city officials that all of the questions that were raised as to the legality of the Grand View annexation proceedings have been settled in favor of annexation and that district is now officially a part of the city of Glendale.

The annexation election was held about two years ago and it is stated that the principal object of becoming part of the city was to obtain water and light services as provided by Glendale.

Now Open for Action
While the question as to the legality of the election was in doubt, no action, it is claimed, could be taken by the city. Now, however, the way is cleared to give the district municipal service, say officials.

The meeting called for tomorrow night will be held in the home of L. H. Applegate, Sixth street and Winchester avenue, and those in the district are expected to attend.

It is probable that City Manager Watson will have an official statement to make to those present relative to just what the municipality may do in extending service.

W. C. T. U. MEETS

MRS. J. N. MCGILLIS HOSTESS TO MEMBERS; PROGRAM IN CHARGE MRS. FANSETT

Mrs. J. N. McGillis, of 1003 East Lomita avenue, was hostess to the members of the W. C. T. U. on Friday.

The program was in charge of Mrs. J. P. Fannett, and the topic for the day was "Medical Temperance." A report of the recent lecture course given in Glendale by Dr. Wise indicated that the fruits thereof are expected by the W. C. T. U. to be widespread in their influence, not only among boys and girls to whom Dr. Wise spoke, but also among older people as well.

About twenty members enjoyed the interesting afternoon. The hostess served refreshments during the social hour following the program.

DINNER HOSTESS

MRS. D. W. CUNNINGHAM HAS SEVERAL OF HER FRIENDS AS GUESTS RECENTLY

Mrs. D. W. Cunningham entertained with an elegantly appointed, four-course dinner on Thursday at her ranch home. She was assisted by her sister, Mrs. Mary Condell, of Chicago.

Marigolds and corn flowers carried out the pretty gold and blue color motif on the dining table, and artistic place cards in harmony with the color scheme marked places for Mr. and Mrs. Ephraim Moore, of Benton Harbor, Michigan, Mr. and Mrs. R. E. Van Housen, 1326 North Maryland, Mrs. Mary Condell of Chicago, and the hostess.

STUDIES DIVORCE

JUDGE DECLARES BONDS OF MATRIMONY SHOULD NOT BE CUT AT ALL

CLEVELAND—After several years of close study of the cause and effect of divorce, Judge A. J. Pearson, of the Common Pleas court here, has reached the conclusion that society would benefit by the repeal of all legislation permitting dissolution of the bonds of matrimony. Denial of divorce would work a hardship in some cases, he admitted, but the general effect would be distinctly beneficial.

Judge Pearson believes much of the evil of the present day is due to the large numbers of divorced men and women "who have been turned loose on the community, with the resultant inimical effect." He believes the ranks of criminals and other parasites are liberally recruited from among the children of divorced couples.

"Of course some cases merit separation, but it would be of less injury to society if divorce was absolutely banned," Pearson said. "The turning loose on society of divorced men and women is one of the greatest evils with which we have to contend."

More Thought Is Required

"If the man is no good, it permits him to fool some other woman, and if the woman is no good, it permits her to fool some unsuspecting man. The result is that another divorce case is filed in a short time. If the parents remarry, the children, if there are any, seldom get as good care or attention as they did before."

More thought would be given to the business of marriage if divorces were unobtainable, Pearson believes. Fewer unhappy marriages would occur as a result, as both the young man and young woman, realizing that the contract could be broken only by violating the law and thereby incurring a jail penalty, would make sure of selecting a worthy mate, he contended.

"Many persons get married after an acquaintance of a few weeks," Pearson said. "We know that it takes something more than a few weeks or a few months for an apparently love-sick couple to judge whether the case is strong enough to last them through life. Many persons marry today with the idea that if the marriage does not prove palatable, the divorce courts stand ready to cut the bonds."

AGAINST HOME BREW

FRESNO, Jan. 24.—Home brew will be hit a hard blow by an ordinance proposed here. The ordinance is believed to be the most stringent yet proposed in any city. It will prohibit the manufacture of fermented liquor or the possession or sale of any utensil used in the manufacture of intoxicating liquor. The ordinance will also regulate the sale of so-called medicinal preparations dispensed by drug stores and soft drink parlors.

The Jewish women engaged in agricultural colonization and in other work toward restoring the lost industrial and commercial life of the Holy Land are practically all from well-educated families in eastern Europe.

MOVING OFFICES

BENTLEY-SCHOENEMAN TO BE
IN NEW QUARTERS; BUSINESS
OUTLOOK IS FAVORABLE

The Bentley-Schoenemann company is moving its offices from 200 East Broadway to the new yards at 460 West Los Feliz Road, where all the business of the company will be transacted in the future. George H. Bentley says that business has picked up greatly the past week and the outlook is very encouraging.

This removal marks the passing of an extensive business that has occupied a location in the heart of the city for many years, to a very desirable point in the great industrial district which borders the city on the west. The yards and planing mill were moved some months ago but an uptown office has been maintained in the old location up to now.

J. A. NEWTON MAKES CHANGES

Since J. A. Newton disposed of his Eveready battery department so that he could devote all his time to the electrical wiring and fixture business he has made many changes to the interior of the three business rooms he occupies. The office now occupies the front of the room formerly occupied by the battery department and it has been beautifully finished and equipped.

SPEAKERS CHOSEN

FORMER MEMBER OF FRENCH
HIGH COMMISSION NAMED
FOR C. OF C. SPEAKER

Captain Paul Perigord, French economist, a former member of the French high commission and hero of Verdun, will be one of three speakers to be heard at the first annual Glendale dinner next Monday night, under the auspices of the Chamber of Commerce reorganization workers.

John Frederick, first vice president of the Los Angeles Chamber of Commerce, and George P. Taubman, of Long Beach, are the other two.

Mr. Frederick is known as an orator and as an attorney, and the fact that he will be the next president of the Los Angeles Chamber of Commerce makes his appearance of interest.

Dr. Taubman, a minister, is the founder and leader of the largest men's Bible class in America—a class that holds its weekly sessions in the municipal auditorium, and which includes men from every walk of life and many religious faiths.

In securing the speakers, the executive campaign committee feels it has in store for those who attend one of the very finest programs of the kind ever presented in Glendale.

Invitations to the dinner are being mailed out today and will reach every resident of Glendale whose name is available to the committee. Those who fail to receive an invitation can make reservation at campaign headquarters, 105 West Broadway.

The dinner will be served at the First Methodist church, by the ladies of that church.

NAVY OIL RESERVES

The navy has five underground oil reserves, according to an official statement, totalling approximately 213,584 acres. They are located in Colorado, Utah, Wyoming, Nevada and California. Three of these tracts are petroleum reserves, while two are oil shale reserves. According to United States geological survey estimates, the three petroleum reserves represent a content of about 465,000,000 barrels. Deposits in the shale oil reserves are conservatively estimated at 1,000,000,000 barrels.

FUNERAL SERVICES

FINAL TRIBUTE TO BE PAID
TO MARGARET SEARS ON
TUESDAY, 2 O'CLOCK

Funeral services of Margaret Sears, age thirty-seven, of Duarte, will be held at the Little Church of the Flowers Tuesday afternoon, January 25, at 2 o'clock.

Miss Sears was born in Wilmington, Calif., in 1883. She was a member of the First Methodist church of Glendale during 1915, leaving here for Arizona on account of her health. She was converted under Evangelist Bulgin in Phoenix, Ariz.

Miss Sears was a faithful business woman for twenty years, making a home for her mother and a motherless niece. She was employed by a Los Angeles department store for over seven years and was highly appreciated by her employers. Gifts of flowers, invalid necessities and money have poured in from her many friends in that business house.

Miss Sears passed away at 11:30 p. m., January 22, 1921. Of the family there still remains a mother, four brothers and one sister.

PRODUCTION OF COPPER

The smelter production of copper from domestic ores during the year 1920 is estimated by the geological survey to be about 1,235,000,000 pounds, compared with 1,286,000,000 pounds for 1919. The production of refined copper from foreign and domestic ores for the year was about 1,573,000,000 pounds, which is approximately 195,000,000 pounds less than for the year 1919. The apparent domestic consumption was about 910,000,000 pounds; in 1919 it was 877,000,000 pounds.

SALT MONOPOLY IN ECUADOR

The production and sale of salt in Ecuador is monopolized by the government, which enjoys a good profit therefrom. Salt is obtained from the salinas in the provinces of Guayas, Manabi and El Oro. The works consist of blocks of land whose surface has been lowered a few feet, into which sea water is permitted to seep. The water is slowly evaporated by the sun, precipitating crystals and thus forming a considerable layer of salt, which is broken into pieces for distribution. It is estimated that the average quantity of salt consumed by each individual in Ecuador is thirteen pounds per annum.

CHRISTIAN CHURCH

INDIVIDUAL EFFORT IS AID
IN READJUSTMENT PERIOD,
DECLARED MINISTER

Despite the threatening weather yesterday morning Central Christian Bible school attendance held up almost to the previous Sunday's figure and the best of interest was shown. The morning worship and communion followed.

Pastor Clifford A. Cole's sermon subject was "One Plus God." Referring to the chaos following the world war the speaker prophesied new victories for the church following the gradual readjustment now in progress. But he expressed in strongest terms his belief that this readjustment must be by individuals and not by masses as in Russian and other countries where Bolshevism has gained a foothold. The same is true, he declared, in all movements for the betterment of conditions. In the industrial world, employers as individuals can bring about reforms and a better understanding with employees, when they cannot through organizations. But God must not be left out of any uplift movement. For any man plus God becomes a power for good, he said.

Evening Service Well Attended

The evening service was well attended, great interest being shown in the series of notable conversions in the early church. Last night's subject was "A Notable Officer Becomes a Christian." It was a story of the gospel being given to the Gentiles through Peter's conversion of Cornelius the Roman centurion. The speaker pointed out that this occasion and that on which the first sermon was preached by Peter, on the day of Pentecost, were the only two instances in which the baptism of the Holy Spirit was referred to and this baptism was of believers only.

Special music by the choir in the morning and by Mrs. Cleo Stoler in the evening, added to the beauty of the service.

TELLS HOW TO RULE AT HOME
CHICAGO—Before starting a row with the bread winner of the family just slip off the old kitchen apron and put on the most alluring and fashionable costume in the wardrobe.

This was the advice given today to housewives by Mrs. M. Rose Burns, head of a fashionable school here.

"A woman should be as attractive and alluring as possible before taking her husband to task," she said. "Then she will win out."

More advice from Mrs. Burns: "Dominate the home. "Keep the elusiveness, coquetry and physical attraction of courtship. "Show a cash balance on the right side of the ledger. "Keep abreast of the times."

RUNS RATTLESNAKE RANCH

A rattlesnake ranch, the only one of its kind in the country, according to the Payette, Mo., Advertiser, is located on Indian Creek, five miles from Anderson in the fastness of the Ozarks. The ranch is managed by Miss Ahern, assisted by her sixteen-year-old brother. They look after the entire business of snake raising except for occasionally hiring an Indian who is willing to take the risk of capturing a rattlesnake alive. The ranch now has 600 snakes in the pits. The principal profits of the enterprise come from the sale of the poison, extracted from the rattlesnakes, which is sold to healers. A large revenue is derived from the sale of the snakes to menageries and museums, at the established rate of 50 cents a pound. The smaller snakes are killed and their flesh rendered for the rattlesnake oil, which sells for one dollar an ounce.

SCHOOL BENEFIT

MOTHERS OF SEVENTH GRADE
PUPILS ARE HOSTESSES AT
AFFAIR LAST FRIDAY

Mothers of the seventh grade pupils at Intermediate school served a cafeteria luncheon in the new cafeteria at the school on Friday, to the pupils and teachers of the school.

As everyone knew the proceeds were to be devoted to the proper equipment of the cafeteria, a large proportion of the students of the school patronized this luncheon.

An appetizing menu of scalloped potatoes, macaroni and cheese, milk, cake and ice-cream, and home-made candy was served. Several whole cakes which remained were sold to add to the fund.

All the materials for the lunch, except the milk and the ice-cream, were donated, so that nearly all the proceeds were clear profit. There was a friendly rivalry between the students of the seventh and eighth grades as to which luncheon would yield the greater revenue, the one given on Friday by mothers of the seventh grade pupils, or the one given a week ago Friday by mothers of eighth grade students.

The proceeds of the luncheon given a week ago Friday amounted to \$85; last Friday's luncheon netted a little over \$85, the exact amount to be announced in a day or so by Mrs. W. A. Kulp, who was in charge.

PREDICT LOWER WAGE SCALE
RIVERSIDE, Jan. 24.—A lower wage scale because of market conditions in the citrus packing houses of southern California will be established this season, it was announced here. The scale will average about 33 1-3 cents for nine hours.

Coincident with these decreases the farm centers of the various cities in the orchard districts are attempting to stabilize the wages in the citrus belt orchards and in the dairying industry.

TIMBER WOLF ESCAPES

SAN JACINTO, Jan. 24.—A big Alaskan timber wolf has taken up his abode in the San Jacinto mountains and according to residents in this district has been seen several times in the last week. The carcass of a large deer found last week on his trail gave evidence of the size and strength of the animal. The animal is believed to have escaped from a motion picture company which was recently at Idyllwild.

NEAR DEATH IN CHURCH TOWER

NEW YORK, Jan. 24.—A young man, said to be of a prominent Philadelphia family, was found starving in a room in the tower of the Eighteenth street Methodist church. He had been there without food or drink for a week. He gave the name of "Timothy Jones." It is fictitious. He was found through his faint cries heard during the sermon Sunday morning.

There were present members of the Citizens' Campaign committee, Jesse E. Smith, chairman; A. R. Eastman, E. P. Hayward, V. M. Hollister, Roy L. Kent, C. E. Neale, J. A. The committee referred to is holding meetings almost daily for the purpose of discussing ways and means of carrying on the reorganization work of the Chamber of Commerce. Members of the committee who were not present are George H. Bentley, R. C. Chambers, C. C. Cooper and L. G. Scovern.

SALARIES QUOTED

LESS THAN 7 PER CENT OF
CLASSIFIED EMPLOYEES OF
STATE GET OVER \$200

The fourth biennial report of the state civil service commission, submitted to Governor Stephens, shows that less than 7 per cent of the classified employees of the state receive salaries in excess of \$200 a month. Eighty-one and a fraction per cent get less than \$151 a month, and 93 and a fraction per cent come below the \$200 division.

The report shows that the commission has 6161 state employees on its rolls, but in addition to these, the employees of the state railroad commission, the prisons, and some other persons, chiefly in educational service, are employed.

Turnover Reported Heavy

The turnover has been heavy, the report says, as 11,794 appointments have been made in the biennial period covered by the report, in order to keep the force of 6161 employees intact. The commission ascribed this to war conditions and the unusual labor market.

The commission reports it is working "diligently" on a plan of standardization of employees' salaries, and is also trying to standardize the qualifications for employment, as far as possible. It recommends the adoption of a constitutional amendment embodying numerous changes in the basic law under which it operates.

OIL IN STANDARD'S HANDS

Standard Oil interests are in control of the bulk of the crude oil produced in Wyoming, now the most important oil field in the whole Rocky Mountain region, according to a special report by the federal trade commission on the petroleum industry of Wyoming submitted to congress.

ALWAYS DEMAND

MORE BUSINESS ROOMS CAN
BE USED, JUDGING FROM
SURVEY OF REALTORS

There is an insistent demand for more business rooms in Glendale. No sooner is one vacated for any reason than there is a rush to secure it, say local realty firms. And long before a new business building is completed every room in it has been leased.

Some very desirable business men and firms have been added to Glendale's citizenship and quite a number already residents have embarked in business.

No particular line seems to be overdone and there is undoubtedly yet room in some, according to realty men who have made a survey of the situation here.

NEED CASH TO BATTLE FIRES

WASHINGTON—The cost of fire fighting by the United States forest service for the fiscal year ending June 30, 1920, as reported by Col. William B. Greeley, forester, was approximately \$800,000. The cost was somewhat increased by the high prices of supplies and the prevailing wage scale.

The appropriation for this important work is only \$250,000 a year. As a result, a deficiency appropriation must again be sought. It has been necessary to go to congress for such appropriations in six out of the nine years that have passed since the fire fighting funds were cut from \$1,150,000 for the fiscal year 1912 to \$350,000 for 1913, with subsequent further reductions.

It is generally believed that an expenditure for fire fighting of from \$600,000 to \$800,000 a year will be necessary to meet all emergencies adequately.

ST. PAUL'S BUILT ON SAND

London's great cathedral, the masterpiece of Sir Christopher Wren, has been settling and cracking, and for the last seven years the work of strengthening and preserving it has been going on. A writer in the engineering supplement of the London Times says the cathedral is built on a layer of surface sand. Wren, great architect though he was, did not think it necessary to carry the foundations down to the solid clay beneath. It also appears that the builders permitted a good deal of cheap work to go into the structure, probably on account of insufficient funds.

ENTRUSTS FUND TO INDIANS

Disregarding an expressed fear by John Barton Payne, secretary of the interior, that the Osage Indians of Oklahoma would squander the \$33,000,000 due to them on sales and leases of oil lands on the reservations or on lands belonging to the Indians, the court of appeals directed the secretary to pay over the amount to adult aborigines.

Hamilton Beach Carpet Washer

This astounding new invention washes and dries carpets right on the floor, with an action just like the human hand. Two sponge-rubber brushes rotated electrically, 500 times a minute, scrub the Hamilton-Beach compound into the fibers of the rug and instantly dissolves dirt and grime which are suctioned back into receiving pan. Above is a picture of a rug being WASHED, not merely surface cleaned, but actually and thoroughly WASHED; the transformation thus made is startling and highly convincing as the original colors show up like new. No present carpet cleaning establishment can clean your rugs like this. Many of the leading hotels and large institutions of the country are now using this machine and we have installed one in our plant here in Glendale and shall be pleased to call and give you estimates on your rug cleaning.

NEW WAGE SCALE EFFECTIVE

SANTA ANA, Jan. 24.—New wage scales for citrus workers showing a reduction of from 15 to 20 per cent are to become effective recently with the associations affiliated with the Orange County Fruit Exchange. It is said the lower wage scale now prevails in all associations identified with the California Fruit Growers Exchange.

A declaration that the industry is facing an unfavorable market, and that a general decline in commodities justifies a reduction in wages, was made by the Orange county exchange in cutting wages.

E. C. SMITH OPENS BUSINESS HERE AND NOW LOOKS FOR LIVING QUARTERS

E. C. Smith, who opened a lunch room on South Brand last week, is very much taken with Glendale and hopes to soon be able to find living quarters. At present he and his wife are "just a campin'" in the back room of their place of business.

Mr. Smith said he had been hearing much of Glendale in recent months and when he sold, recently, the lunch room on Sunset boulevard in Los Angeles that had kept him so closely confined for seven years past, he decided to investigate.

Four of his good Los Angeles friends had bought homes and settled in Glendale in the past few months so he decided there must be some real attraction out here. He is more than satisfied with the change, he says.

SHUT DOWN ON IMMIGRATION

Because of the bill now pending in congress to limit immigration, the Italian government has stopped issuing passports to subjects who wish to come to this country.

"In dealing with an emergency bill of this kind," Senator Colt said, "we look at it, first from an economic standpoint—how it would affect business—and secondly, we would consider it with reference to the menace—the flood from Europe ready to pour in upon us."

Representative Johnson of Washington, author of the house immigration measure, says:

"I am told the situation immediately confronting us is such that aliens are coming over in droves. They are gathering at European ports in largest numbers yet reported. They represent a highly undesirable class."

FACE LOSS IN TREASURY STORE

The treasury department co-operative store, in Washington, which opened in October, 1919, with a membership of 6200 workers in the treasury department and bureau of engraving and printing, has closed for liquidation. Seventeen hundred members have withdrawn since the enterprise started.

A reason given for the closing of the store is that it could not compete with local chain stores in the sale of many commodities, particularly canned goods, which the chain groceries offered at lower cost.

LETTER WITH PHOTO ADDRESS

KNOXVILLE, Tenn.—When a letter was received at the Knoxville postoffice giving a photograph no larger than a thumb nail instead of the name and street number of the man, clerks were confronted by the most perplexing problem which they have yet been called on to solve.

Raymond D. Webb, one of the city clerks, who formerly was a carrier and who is well acquainted with the business men of Knoxville, quickly recognized the picture as that of Tom D. Huffins, who is connected with a wholesale dry goods and notions house here.

A relative, it was learned, had sent the letter to him with the photograph on it to test his prominence in Knoxville.

REPORTS PRICE REDUCTIONS

Price reductions averaging 8 1/2 per cent and an increase of unemployment marked the month of December, according to the report of the federal reserve board for that period, the most marked reductions being in agricultural products, textiles, leather and iron and steel products, while coal, gasoline, paper, brick and cement were not appreciably affected.

The board's statement said reduced business activity had cut operations in many lines from 49 to 75 per cent of normal and brought accompanying unemployment, while there had been many wage cuts, some as much as 25 per cent.

WATER POWER APPLICATIONS

One hundred and forty water power applications have been filed with the federal power commission. Hearings will be held on a bill in congress providing the necessary personnel for the commission. As matters now stand the commission has no force competent to make the investigations of the different projects as provided by law. This will likely be given early attention in congress.

Dr. Hall To Talk Before Brotherhood

Dr. Winfield Scott Hall

The annual meeting and banquet of the Federated Brotherhood of Glendale, composed of men from the various Bible school classes of the city and all others who choose to affiliate with them in their avowed purpose to see that Glendale is "A clean city kept clean," will be held tomorrow night in the First Methodist Episcopal church. Officers will be elected for the ensuing year and addresses will be made, the most notable of which will be that of Dr. Winfield Scott Hall, writer and lecturer. He comes to Glendale under the auspices of the Y. M. C. A. and his subject on this occasion will be "Father and Son."

On the following afternoon, at 3:30, in the high school auditorium, Dr. Scott will talk to the women of Glendale on the subject, "Physical and Social Reconstruction and Social Reconstruction in the Home." The following ladies will be Dr. Hall's sponsors on this occasion: Mesdames Dan Campbell, Chas. H. Toll, Chas. E. Hutchinson, W. D. McRae, A. A. Barton, Ruby Smart, Albert S. Chase, E. D. Yard and H. W. Yarrick.

The subjects treated by Dr. Hall in his lectures are all suggested by experiences in France during the world war, when Dr. Hall was in the U. S. service giving the men instruction in personal hygiene.

PROGRAM PLEASURES

ENJOYABLE NUMBERS GIVEN BY
SCOTTISH PIPE BAND FOR
TUESDAY CLUB BENEFIT

An evening of enjoyment was afforded those who heard Watson's Royal Scottish pipe band which gave an entertainment at the Masonic Temple Friday night, under the auspices of the Tuesday Afternoon club. Tears and smiles followed each other in quick succession on the faces of Caledonia's sons and daughters present in the audience when they heard the music of their native land, and to others the program was equally pleasing, if not so potent in awakening old memories.

The numbers of Thomas Goban, the soloist, called forth much enthusiasm. Mr. Goban has a rich, mellow voice and his interpretations are intelligent and in good taste. The dancing of Miss Davina Wood brought forth a storm of applause and the Irish jig and the sailor's hornpipe of tiny Margaret Stewart MacCubbin was captivating.

Miss Wood is Glendale Girl

The picturesque costumes of the performers gave a Scotch atmosphere to the program of Highland songs, bagpipe selections, Scotch dances, and kiltie band numbers. The evening closed with the singing of "Old Lang Syne" by the audience, led by the entire band of performers on the stage.

Miss Davina Wood, whose dancing gave so much pleasure is a Glendale girl, the daughter of Mrs. Bessie Wood, of 1311 South Glendale avenue.

CHOSEN PRESIDENT

A. W. BEACH OF GLENDALE IS
SELECTED TO BE AT HEAD
OF CANNING COMPANY

At the annual election of officers of the Burbank Canning company, recently, A. W. Beach of Glendale was chosen as president, and this action, say his friends, was hailed with delight by the stockholders and many people of Burbank who remember with considerable satisfaction his work as manager of the Hinckley-Beach Canning company, which was sold a year or two ago to Libby, McNeil & Libby.

The new company gives a good deal of attention to dehydrating as well as canning and is now working on dehydration of lemons, using seven and one-half tons of the fruit daily. Another order that the canner is working on is the making of 100 tons of pumpkin flour for the making of pies. It is said that a pound can of this product when combined with the other necessary ingredients, will make 15 pies of ordinary size. That means three million pies from the hundred tons of pumpkin flour.

Considerable attention is being given to dehydrating of fruits now and it is thought this will do much toward reviving some fruit industries that are now languishing.

J. Williams and Blanche Williams, his wife, did grant and convey the property therein and hereinafter described to the Title Guaranty and Trust Company, a trustee, to secure, among other things, the payment of one certain promissory note of S. J. Williams, and other sums of money advanced and interest thereon.

Whereas, said D. McPeak has for a valuable consideration sold and assigned said note and duly endorsed the same to J. C. Pollock, and

Tax Payers Attention

No Ad Valorem Tax Necessary

Insure **REAL ECONOMY** in the state's expenses by wiring or phoning your assemblyman, Capitol Building, Sacramento, **TODAY** to vote against the tax bill which was defeated on Saturday and will come up for reconsideration **MONDAY**.

Seven million more dollars annually will come out of your pockets. Do not be deceived. This bill actually proposes to tax the users of transportation, light, heat, and power this amount. The law provides, and the railroad commission has announced in connection with this specific case, that these taxes must and will be recognized in making public utility rates.

Let this question be fully and publicly examined before legislative committees during the recess of thirty days, both as to possible economies and ways of raising any money needed.

Absolutely no ad valorem tax is necessary if this measure is defeated.

Householders, farmers, fruit growers, merchants, manufacturers, wage workers---all classes ---must bear the taxes imposed by this bill---and they have not been justified.

Wire your representative to vote **NO**.

By Will H. Fischer, Director, Tax Payers' Association of California.

ATTEND RECITAL

SEVERAL GLENDALE RESIDENTS HEAR PROGRAM GIVEN BY BRAHM VAN DEN BERG

The Thursday morning piano recital given by Brahm Van den Berg, pianist, in the ball room of Hotel Alexandria, Los Angeles, was of interest to a number of Glendale music lovers.

Among the patronesses were several Glendale ladies: Mesdames Eugene Murman, LeRoy W. Bosserman and Dora L. Gibson. Mrs. Bosserman was hostess at the recital and later at a luncheon grill to a group of friends including Mesdames H. R. Harrower, Charles Bosserman, Lyman Ashton, Doane and Eleanor Squires.

This was the artist's first recital since his return from Holland. He was at his best, in the very fine Franz Liszt program he gave, say those who heard him.

ROAD BUILDING

TOTAL OF \$633,452,975 IS AVAILABLE IN NATION, IS ESTIMATE GIVEN OUT

Estimates place the amount now available for road building in the United States at \$633,452,975. This is nearly one-third of the total amount of appropriations actually authorized and proposed, to be expended during the period from 1921 to 1930 inclusive, which is estimated at \$2,100,000,000. These figures are compiled from data collected by the Portland Cement association and the Austin Machinery corporation.

While they are only approximate they are important as indicating the magnitude of the highway and street construction program to which contractors and dealers in machinery, equipment and materials may look forward.

Road Building Big Task
Road building is one of the biggest tasks ahead of the country. Only a fairly good start has been made in providing the country with improved roads on important lines of traffic, to say nothing of the enormous mileage of roads of lesser importance.

Highway construction as an industry is now only in its infancy and it is one of the most promising fields offered for capital and individual enterprise and skill.

LEAVES 149 GRANDCHILDREN
GRAND RAPIDS, Mich.—The death of Mrs. Simon Schaub of Provenance reveals a line of descendants that is believed without equal in number in Michigan and probably in the middle west. She is survived by 149 grandchildren.

Mrs. Schaub's age was 98 years. She leaves fifty-three grandchildren, ninety-two great-grandchildren and four great-great-grandchildren, the oldest of which is six years. She was the mother of twelve children. Mrs. Schaub was born in Germany. Her father fought under Napoleon.

Women are employed as drivers of both private and public hire motor vehicles in England.

FEW HOSPITAL OPERATIONS

VIENNA—Although the Vienna hospitals are crowded with three times the number of patients they had before the war, fewer operations are performed. There are several reasons for this curious situation, according to a medical report of the American Red Cross which says:

"The causes are first, lack of ether and chloroform; second, lack of surgical material, such as bandages, dressings and antiseptic drugs, and, third, the general poor condition of the patient."

"The quality of the imported ether and chloroform is so bad that the percentage of deaths due to anesthetics has been distinctly marked during the last year. The consequence is that the number of operations had to be reduced for fear of post-ether pneumonia. X-Ray plates are so scarce that many institutions do not do any work whatsoever."

JAPS TRICKED CENSUS, IS CLAIM
SACRAMENTO—Leaders in the anti-Japanese movement here declared that United States census figures on the Japanese population of California fall far short of the actual number.

Census figures received here from Washington report 70,707 Japanese and 28,622 Chinese in the state. Officials of the Japanese Exclusion league and H. Stanley Benedict of the state board of control insisted today there were more than 100,000 Japanese in the state.

"The Japanese tricked the census takers," said Benedict. "Large numbers of children were missing when the count was made."

The census shows 100,933 persons ineligible to citizenship. Los Angeles leads all the counties of the state with 19,503 Japanese, 2591 Chinese and 24 Hindus. San Francisco is second with 5238 Japanese and Alameda third with 5155.
